

Houghton Department

BEDE AND HARLAN TRAIL COLONEL

Brilliant G. O. P. Speakers Will Be
Here Thursday Evening

Robert H. Shields, chairman of the Houghton county Republican committee, was advised this morning that J. Adam Bede of Minnesota and John M. Harlan of Illinois, the Taft speakers who have been trailing Mr. Roosevelt all fall, will be here Thursday evening, twenty-four hours after Mr. Roosevelt has spoken here. They will arrive on the 7:55 train and leave on the 11 o'clock train the same night. The Taft speakers will address Houghton county voters at the Amphitheatre, much the same arrangements to be followed as in the case of the previous evening's rally.

The trip of the Musselman special through the copper country has been postponed as a result of the announcement that Roosevelt would be here on the same day the Michigan gubernatorial candidate was to have visited Houghton. Chairman Shields is still uncertain whether Mr. Musselman will be here Thursday or Friday and has wired for information.

The Houghton county Republican committee met Saturday afternoon to plan the campaign for the rest of the fall, but owing to the uncertainty of the date of the visit of the Musselman special, no definite arrangements were made. The committee decided to conduct a vigorous campaign up to election night, and another meeting probably will be held soon to make definite arrangements for speakers for the remainder of the campaign.

Much interest is being taken by Republicans in the coming of Messrs. Bede and Harlan. J. Adam Bede was a member of the house from the Duluth district for one term. He is a noted wit. Mr. Harlan is a son of the late Justice Harlan of the supreme court. He has been in politics in Chicago and once ran for mayor against Carter Harrison.

An Appeal to Labor.
Following the lead of the Republican national committee, which has made its battle cry of the campaign one calling upon the voters to think what the coming national election means to them personally, the Michigan state central committee is preparing its campaign literature with the intent of securing that result.

The first pamphlet printed, circulation of which began Saturday, is entitled "Labor's True Friend." The cover page contains a drawing showing a sturdy workman, with a handsome woman labeled "G. O. P." standing behind him with one hand on his shoulder and the other grasping a flagstaff holding an American flag. The face of Abraham Lincoln is in the background. The picture is labeled, "And now let labor sit in judgment."

"Standing before the bar of public opinion," says the introduction to the pamphlet, "the Republican party is asking vindication—a verdict of acquittal."

Resume of Legislation.

The pamphlet gives a resume of some of the "human rights" measures passed by Republican legislatures, including the workmen's compensation act, laws regulating wages, hours of labor, protection of women, limitation of hours of labor for women, abolition of child labor, safety appliance laws, foundry and mine laws, health conservation and sanitary requirements, factory inspection, free employment bureau and others.

It also reviews national labor legislation, discusses the tariff as it affects the three great Michigan industries, the making of motor cars, the manufacture of furniture and mining. It gives statistical tables of wages and other valuable information in connection with its presentation of the tariff. The national platform of the Republican party completes the book, thousands of copies of which will be distributed all over the state.

The stirring "keynote" speech with which Patrick H. Kelly aroused the remarkable enthusiasm displayed at the Detroit convention of the Republicans last week has been reprinted in another pamphlet and will be sent far and wide, not only in Michigan, but outside the state, by the national committee of the party.

Much other matter is being prepared for quick production shortly and the activity of the party's campaign shows that the aggressive fight promulgated by State Chairman Alex J. Groesbeck is under way. The speaker's bureau is working day and night, arranging meetings all over the state and routing speakers in such a way that they can do the most work. A large chart has been prepared on which all meetings are noted, together with their speakers, as soon as they are arranged for.

CO. G. SHOOT WINNERS.

Good Work Difficult Because of Unfavorable Weather.

The Houghton Light Infantry held its rifle shoot at the Huron Range yesterday afternoon, the conditions being far from ideal for such a match and in consequence none of the scores were as good as expected. A high wind was blowing out the day was dark and cold, making good shooting difficult.

The National Rifle Association match was won by Charles Wilbur with a score of 193. Earl Engstrom was second with 181 and Ray Lewis third with 161.

The rapid fire match at 200 yards was won by William Nemi with 25, Fred Kewitka second with 22 and Ray Lewis third with 21.

The 200 yards slow fire match went to Earl Engstrom with 25, Ray Lewis was second with 21 and Kansas third with 21.

The 300 yards all comers' match was won by Earl Engstrom with 47 out of a possible 56, this being the best work of the day. In making this record, Lieut. Smith made eight consecutive bull's eyes. Chas. Wilbur was second in this match with 41 and Thomas Heather was third with 36.

HOUGHTON HIGHS SHUT OUT CALUMET 37 TO 0

BRILLIANT RUNNING OF WORTHING TOO MUCH FOR VISITORS.

The Houghton high school football team opened its schedule Saturday afternoon by defeating the Calumet high school team by a score of 37 to 0. The brilliant work of Halfback Lionel Worthing and the fine interference given him by the rest of the Houghton backs was too much for Calumet and the visitors played poorly all through the game with the exception of about five minutes in the last quarter.

Worthing's work in running through a broken field and his unerring judgment in picking holes through which to tear off long gains was the brightest spot in the contest. Calumet held Houghton for downs only twice during the game and Worthing was obliged to kick only once and then the failure of the Calumet backs to handle Worthing's punt gave Houghton a touchdown when Hooper recovered the ball behind Calumet's goal.

Calumet took Worthing's kick on their forty yard line and failed to advance the ball in three downs. A kick was attempted but failed and Calumet, recovering the ball, tried Houghton's line again and finally lost the ball on a fumble in midfield. Worthing took the ball on Houghton's first attempt and ran twenty-five yards on the first down and after Rogers and Bowden had worked the ball within striking distance of the goal, Worthing went across for the first touchdown.

Calumet kicked off to Houghton and the Houghton team walked right through Calumet and sent Worthing over for another touchdown in three minutes. This was missed on the first two attempts making the score 12 to 0 in favor of Houghton at the end of the first quarter.

Worthing made another touchdown in the first part of the third quarter after some fine gains by Bowden. Worthing and Rogers had brought the ball near the goal and Hooper gave Houghton six more points when he recovered a punt behind Calumet's goal.

The second half started with Houghton having a lead of 24 points and Captain Penberthy used some of his spare men during the remainder of the game. Worthing made the 25th touchdown soon after the second half started after Bowden had showed his class in making some long runs with the aid of the strong Houghton interference. Houghton kicked punt after this touchdown, this being the only kick made out of six attempts. Bowden went over for a touchdown a minute later after Worthing had taken Calumet's kickoff and run it back through the Calumet team to Calumet's twenty-five yard line. Bowden fumbled after crossing the line however and Calumet secured the ball giving them a touchdown and the ball on their own twenty-yard line.

In the last quarter Worthing went over the line with the ball after some long runs by the Houghton backs making the score 37 to 0. Calumet braced in the early part of this quarter and, securing the ball on their own ten-yard line, by means of a pass and some gains through Houghton's line worked the ball to midfield where they lost it on downs. The day was too warm for football and tired the players quickly. The Houghton team failed to show any trick plays, saving these for the Hancock game next Saturday but contented themselves with using straight football. The Houghton back field, composed of Rogers, at fullback, Penberthy at quarter and Bowden and Worthing at halves showed great form and worked together in good shape.

Saturday's game was the worst defeat that Houghton has ever managed to inflict on a Calumet football team. Most of the games between the two teams being close and hard fought.

The Houghton high school second team won from the Calumet second team in a game played before the first team started. Houghton taking this game by a score of 32 to 6. Raymond Chynoweth was the star for Houghton in this game.

OELLE VICE PRESIDENT OF U. P. E. ASSOCIATION

FALL CONVENTION IN IRON MOUNTAIN COMES TO SUCCESSFUL CLOSE.

Supt. John A. Doelle of the Houghton public schools has arrived home from Iron Mountain where he was chosen as vice president of the upper peninsula educational association for the ensuing year. Following is a complete list of the officers chosen:

President—Commissioner A. E. Sterne, Ishpeming.
Vice president—Supt. John Doelle, Houghton.
Treasurer—Supt. F. E. King, Escanaba.
Secretary—Prof. J. E. Lautner, Marquette.

Executive committee—Supt. F. E. Jeffers, Painesdale.
Executive committee—Supt. John Brennan, Ironwood.

Committee for the Survey of Educational Conditions in the Upper Peninsula.

Supt. John Brennan, Ironwood.
Prof. G. L. Brown, Marquette.
Supt. E. E. Scribner, Ishpeming.
Pres. J. H. Kaye, Marquette.

The convention was a very successful one and many important matters were discussed. Resolutions were passed endorsing L. L. Wright as superintendent of public instruction, endorsing the legislation recently enacted, which calls for systematic physical training for girls, recommending legislation with a view of making more permanent tenure of office for superintendents and teachers, and recommending statewide medical inspection. The resolutions also urge the normal schools to establish departments for the training of teachers in commercial subjects. A committee on educational research was named and authorized to make an educational survey of the upper peninsula to discover problems with a view of solving these problems.

PORTER ON SOUTH SHORE NINE YEARS IS SUICIDE

WM. BELL HAS DAUGHTER LIVING IN HOUGHTON.

William Bell, colored, for the past nine years a lining car employee on the South Shore railway, committed suicide at 6:30 o'clock Saturday morning in his rooming house, 249 Arlington street, Sault Ste. Marie, by putting a revolver shot through his right temple. His friends at the other roomers in the house can offer no explanation of his rash act. He had left the South Shore's employ several weeks ago, but remained in the town.

"Railroad men in this part of the state are well acquainted with Bell. His face is familiar to travelers, for he had been employed continuously on the South Shore railway," says the Soo News. "No reason for the shooting could be given by Bell's friends."

"When the door was opened and those living in the house entered his room, Bell's body was found lying on the floor, with a revolver beside it. A chair was overturned, but all else in the room was in order."

"Occupants in the house would not believe that the act was premeditated. That Bell had slept soundly all night and that he was temporarily insane is their belief."

"It had been done in this part of the state. He is survived by a daughter living in Houghton. It was learned this morning, and it is believed he has relatives in Detroit, although none of them had been located this morning. The body will probably be shipped to Detroit for burial."

DEMOCRATS PLAN RALLIES.

Chairman Black Announces Plans for Rallies This Week.

John W. Black, chairman of the Democratic county committee, has announced the dates for the rallies to be held in the copper country during the coming week.

Three well known speakers will be brought here to stir up enthusiasm. Kate B. Price of Washington, D. C., a among the Houghton county voters for the Democratic ticket, these being very fluent orator according to report and one of the best speakers likely to be seen here this fall, another is Peter Primeau of Marquette, candidate for auditor general and the third is John Power the Democratic candidate for Congress.

These three speakers will arrive here Wednesday, October 9, and the first meeting will be held that evening at the opera house at Lake Linden. On October 10, there will be a big rally at the theater at Calumet and on the following evening, October 11, at the Keweenaw theater. On the day following the speakers will make personal visits to South Range towns and to Keweenaw county.

Chicago is to have a Loyal Order of Moose university in 1913, to cost \$1,500,000.

California this year produces 250,000 carloads of assorted fruits valued at over \$15,000,000.

RECEIVED HIGHEST AWARDS

World's Pure Food Exposition, Chicago, Illinois.
Paris Exposition, France, March, 1912.

HUNTERS' LICENSES.

Some Details of Law to Be Remembered by Sportsmen.

Copper country hunters are already making application for deer licenses, and it is expected the total number issued this year will equal if not exceed the total number in other years. The following in regard to the hunting of deer, taken from the game laws of the state of Michigan, will make clear all doubt as to when, where and how deer may be taken.

The open season is from Oct. 15 to Nov. 29, inclusive, resident hunters' licenses being \$1.50, and non-resident hunters' licenses \$2.50. Each license expires twenty-five days after date of issue.

It is unlawful—
For any person to kill more than two deer;

To kill in red coat, or fawn in spotted coat;

To pursue, kill or capture any deer while it is in water;

To use dogs in hunting;

To kill, until 1926, in Berrien, Calhoun, Genesee, Ingham, Jackson, Kalamazoo, Oakland and St. Clair counties;

To kill, until 1918, on Bois Blanc Island;

To knowingly trap, injure or kill any deer or offspring thereof which is kept in or have escaped from any private enclosure.

BUY AN ENTIRE VILLAGE.

Sheriff J. J. Byers Purchases Land and Buildings.

Sheriff James J. Byers has announced the purchase of the village of Woodside near Dollar Bay from the Hancock Chemical company. The village is a place of seventeen dwellings and constitutes the company's entire holdings of land, 160 acres.

Sheriff Byers will move his family to Woodside about the first of next month, where they will occupy the residence now used by J. Haldane Edwards, superintendent of the chemical company. Outside of the statement that he intended to farm the unimproved real estate included in the deal, the sheriff would not discuss his plans.

The Hancock Chemical company operated a dynamite plant at Woodside for a number of years but operations were suspended about a year ago.

NEW INDUSTRY FOR GREEN.

15,000 Black Ash Hoops for Butter Tubs Turned Out Daily.

L. Burr of Alpena is directing the operators of a force of ten hoop makers at the camps of the Greenwood Lumber company at Green and about 15,000 hoops are being turned out daily for use in making butter tubs and for other purposes. An excellent quality of black ash, very desirable for hoop-making purposes, has been found at the Greenwood camps and the industry promises to become a permanent one. It is already proposed to increase the force of hoop makers from ten to thirty. Mr. Burr has taken up his permanent residence at Ontonagon.

BEAR KILLS TWO PIGS.

About as unusual a bear story as has been heard for months, emanates from Barclay in Baraga county, and is sworn to by residents of that location. It is claimed that the pig pen of Mrs. Perry Sexton was invaded one evening last week and one pig killed in the pen, while another was taken bodily from the enclosure and hauled to a clearing about a quarter of a mile away, where the bear was found partially devoured. Large bear tracks were noticed near the body and left little doubt as to the manner of the pig's disappearance.

DEER SEASON OPENS SOON.

County Clerk Kaizer Appoints Deputy Deer License Sellers.

County Clerk Kaizer has appointed a number of deputy deer license sellers throughout the county in accordance with an old custom that has been followed in Houghton county for some time. The season for deer opens on Oct. 15 and the sale of deer licenses is now on.

The list of deputies is as follows:

George Martin, Calumet; David Armit, Laurium; George Pfeiffer, Jacobsville; E. W. Kruka, Painesdale; Joseph Wise, Haulton; E. P. Prince, Lake Linden; E. Wisniewski, Lake Linden; Dr. P. H. Wilson, Chassell; C. P. Chavannis, Alston; Thomas E. Mitchell, Trumountain; John L. Ollila, South Range; John C. Schulte, Dollar Bay; N. A. Church, Sildown; August Nordine, Kenton; John Smith, Whinn; James Clark, Redridge; E. A. Lange, Toivola; E. Wisniewski, Beacon Hill; Mary Nelson, Tapiola.

SOPHS WIN ANNUAL RUSH.

Freshmen Lose Event to Second Year Students, 10 to 5.

The annual rush between the Michigan College of Mines freshman and sophomore classes was held last Saturday evening on the college campus in front of the mining building, the rush resulting in a 19 to 5 victory for the upper classmen, this result being largely due to their experience and greater numbers.

The two classes, coached by the seniors met in different buildings for instructions and at 8 o'clock sharp lined up at different ends of the inclosed space and charged each other. The rush was a tie rush, the object being to see which class could securely tie the hands and feet of the greatest number of opponents in ten minutes.

At the conclusion of the rush, the two classes donned night shirts and led by an automobile, paraded through town for one of the old time night shirt parades.

ASSOCIATION FOOTBALL.

Quincy Defeats Painesdale and Baltic Wins From Isle Royale.

The Painesdale and Quincy association football teams met on the Trumountain grounds Saturday afternoon, the game going to the Quincy team by a score of 4 to 0. Quincy has not been beaten yet and has met some of the best teams in this part of the county. Painesdale will go to Quincy for a return game next Saturday.

The Baltic and Isle Royale teams also met Saturday, this being the opening game of the season for the Isle Royale team and as was expected, the Baltic team carried off the honors, winning by a score of 6 to 0. The Baltic team put up a strong game all the way through and proved its right to be considered one of the best teams in the copper country.

CANNOT FILL VACANCIES.

Places on Ticket Left Vacant at Primaries Cannot Be Filled.

Secretary Miller of the Houghton county Republican committee was notified today by Thomas A. Lawler, assistant attorney general, that the committee has no authority to fill places on the Republican ticket, left vacant at the primary election.

Mr. Miller made an inquiry of the attorney general's office because one circuit court commissioner and the county surveyor are left blank on the ticket, no petitions having been filed for them. Candidates of course have the right to run for these offices on slips.

RILEY WEEK AT LIBRARY.

James Whitcomb Riley week opens today at the Houghton public library. An exhibit of the works of this poet and a phonographic recitation are on the program.

GAVE POP AWAY

Willie—Mr. Koyns, what baseball team do you play on?
Mr. Koyns—I never played ball in my life.

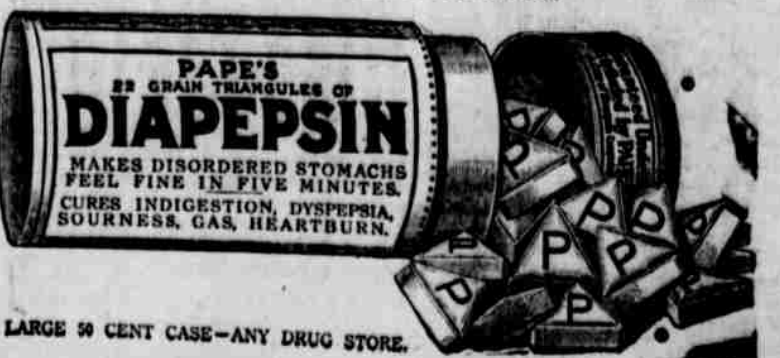

Willie—That's strange. I heard pop say last night to slater that you were a great catch.

Vallonia, Ind., celebrates its centennial today.

STOMACH SOUR AND FULL OF GAS? GOT INDIGESTION? HERE'S A CURE

Time! In five minutes all stomach distress will go. No indigestion, heartburn, sourness or belching of gas, or eruptions of undigested food, no dizziness, bloating, foul breath or headache. Pape's Diapepsin is noted for its speed in regulating upset stomachs. It is the surest, quickest and most certain remedy in the whole world and besides it is harmless.

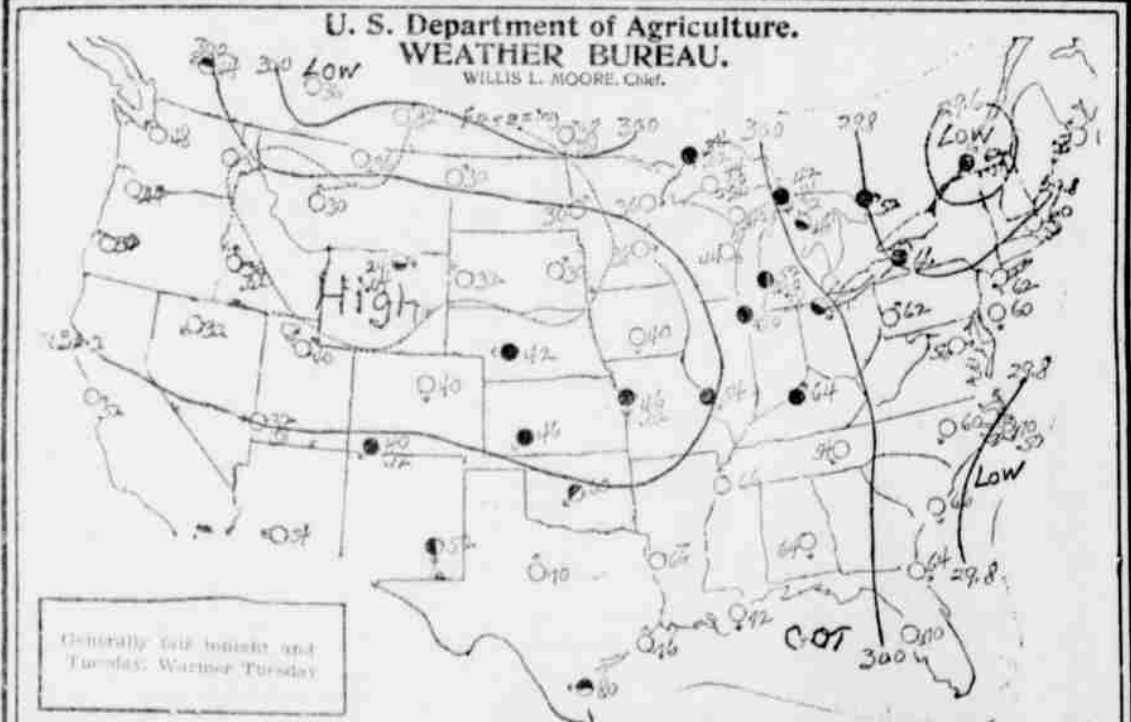

Millions of men and women now eat their favorite foods without fear—they know now it is needless to have a bad stomach.

LARGE 50 CENT CASE—ANY DRUG STORE.

U. S. Department of Agriculture. WEATHER BUREAU.

WILLIS L. MOORE, Chief.

EXPLANATORY NOTES.

Observations taken at 8 a. m., 76th meridian time. Air pressure reduced to sea level. Isotherms (continuous lines) pass through points of equal air pressure. Isotherms (dotted lines) pass through points of equal temperature, drawn only for zero, freezing, 50°, and 100°.

☉ clear, ☁ partly cloudy, ☂ cloudy, ☔ rain, ☎ snow, ☎ report missing. Arrows fly with the wind. First figures, temperature; second, precipitation of .01 inch or more for past 24 hours; third, maximum wind velocity.

	Lowest, at night		at 10 miles (ft. inches)
Least office U. S. Weather Bureau, Houghton, Mich., Oct. 7, 1912.			
Forecast Till 7 P. M. Tuesday:			
Upper Michigan: Fair tonight and Tuesday, Warmer Tuesday.			
Lake Superior: Moderate westerly wind becoming light variable.			
Weather Conditions.			
A storm of considerable energy is centered this morning in the vicinity of Montreal; the barometer being low over the St. Lawrence Valley. Lower Lake Region, the Atlantic Coast and the Canadian Northwest, with occasional centers of disturbance over northern Alberta and off the South Atlantic Coast. The weather is high over all other sections, with readings extending from Washington and Oregon eastward down to the Missouri Valley to the Central Plains state. Showers central during the past 24 hours at many points on the Great Lakes and brisk to high winds are reported, the highest during the			
post 12 hours being 36 miles at Buffalo, La. The prevailing high pressure has caused fair weather over all sections of the United States, except that few showers have occurred at a few points in the Rocky Mountains. It is much colder over the Northwest, the lower temperature being 22 degrees at Sheridan, Wyo., Wyoming. It is probable that the weather will clear in this vicinity this afternoon and generally fair weather will prevail tonight and Tuesday, with rising temperature Tuesday. Moderate westerly winds today and tonight will become light variable by Tuesday morning.
